Where I've worked

NHS ARDEN & GEM CSU • Oct 2022 – Jun 2025

Principal Insight Developer

- Led Power BI best-practice standards — semantic model design and report governance for a national NHS commissioning organisation.
- Built KPI frameworks tracking healthcare outcomes, patient flow, and staffing levels, used by senior clinical and operational leaders.
- Designed self-service BI datasets enabling non-technical teams to build reports independently — reducing data team dependency.

THE OPENWORK PARTNERSHIP • Mar 2020 – Oct 2022

Senior MI Analyst

- Built 50+ SSRS reports automating manual processes — saving 40 hours per month across Finance and Operations teams.
- Power BI datasets sourced from Azure Data Warehouse and embedded into Dynamics 365 for business-wide consumption.
- Complex SQL stored procedures supporting Finance with audit testing and regulatory compliance reporting.

GOOD ENERGY • Dec 2018 – Mar 2020

BI Developer

- Created Power BI dashboards for Ofgem, the Citizens Advice Bureau, and government departments — company finances and customer statistics.
- Led data migration to a new CRM, rewriting Power BI and SSRS reports to align with the new data structures.
